The Conference of Governors.

The conference of Governors of the States and Territories which President Roosevelt has called to meet at the White House is an assembly unique alike in object and in constitution.

Never before have the executive heads of all the Commonwealths of the Union met in Washington or elsewhere for any purpose, and never before has a conference representing every section of the country, as this will, been officially called together for the purpose of arriving at a comprehensive program for the conservation of the National resources.

Thus the conference will be a epoch-making event in a double sense and doubtless the proceedings of the sessions, which will shortly open in the historic East Room, will be watched, as they should be, with the keenest interest by Americans of all degrees and sections.

The scene should be worth commemorating when the Chief Executive of the world's greatest federation faced for the first time in history the Chief Executives of its forty-six constituent States, all met to consult together of ways of keeping for future Americans the heritage of natural resources, which has lifted America to her present place of wealth and power. There will be other distinguished men present, too, among them representatives of all the important National organizations of one kind and another, the welfare of which depends upon National resources.

AN HONEST MAN

Widow Woman Receives Her Money Which She Had Lost

Yesterday morning John Armstrong, porter at Owens' saloon, corner Market and Front streets, found a pocket-book lying on the steps facing Front street containing \$200 in nice crisp bills.

John hunted up the owner, who proved to be a widow woman, who, with her two children, was awaiting the arrival of the steamer Conier.

In making change in payment of a small debt she had gone off and left her pocket-book, which fortunately fell into the hands of an honest man.

She had not discovered her loss, and when Armstrong interrogated her as to its ownership she was so shocked that she nearly collapsed.

She was very grateful, as it was all her earthly possessions, and she proffered the colored man a reward, who magnanimously refused to receive it.

BUYING SUPPLIES

Lieutenant Ernest Bell Patronized Maysville Merchants Yesterday

It was reported here that the merchants and grocers of Augusta had received orders, supposedly given by Night Riders, not to sell anything to the soldiers now quartered in that vicinity.

However that may be, it is a fact that Lieutenant Ernest Bell of the Frankfort Troop was in this city yesterday and while here purchased from Maysville merchants a big supply for the Commissary Department for the soldiers now operating in the field in Bracken county.

Thirty-five big tents were received here over the L. and N. and forwarded to Augusta yesterday morning. From appearances, it looks as though the issue was to be fought out on present lines by the State authorities, even though the campaign takes all summer.

Fine Silks at Low Prices

Seventy-nine cents a yard for Rajah Silks doesn't suggest elegance—but when you see these, the quality, the exquisite shades—you'll buy. What pretty jumper suits they'll make. What stunning Coat Suits. What attractive Walking Skirts and Separate Coats. They're silks for service too—will stand wear in weave and color.

Champagne, several leather shades, green and Copenhagen. Regular price \$1 yard—now 79c.

Among the Bargain Silks you'll find some quality taffetas in white delicately striped with black, brown, blue or green, reduced from \$1 yard to 69c. The silks are perfect in every detail—quality unimpeachable, design in fashionable stripes, colors most desirable but we have a larger stock than we want, hence the price cut.

While in the silk section ask to see the 50c Silk Mulls reduced to 25c yard. They hold entrancing possibilities for pretty frocks, combining the elegance of silk with the price of cotton.

You'll also find in this department a silk mixed Voile in two shades of tan with an overplay of pale blue silk that has been reduced from \$1.75 yard to \$1.25. The quality and colors are exquisite, the weave so sheer it almost rivals chiffon.

Here too is a wide assortment of pretty silks in every conceivable design and color, for 48c. Made into jumper suits and worn with wash waists they're as cool as cotton frocks with the advantage of cutting one's laundry bill in two.

Adjoining the silk section you'll find attractive applique trimmings in white or cream reduced from 25c and 50c yard to half and less. Also handsome all-over laces and net in white, cream and ecru at half price. The laces are less salable because they're single width but the qualities and patterns are beautiful and every yard is a bargain value.

The latest school census shows that Lexington has more colored children than white. The figures are: White, 5,317; colored, 6,934. Total, 12,251.

ALL Congress has to do is to pass the "Appropriation Bills and go home." Rest assured, Congress will pass the Appropriation Bills, whether it goes home or not.

Wait a minute. This from The Portsmouth Blade:

"The average man feels that his peach crop is safe when he has her cuddled up in his arms."

FORMER GOVERNOR BECKHAM denies that he will refuse to be a Delegate to the Denver Convention if Senator McCREARY is also chosen. He is not an applicant for the honor, but "Barkis is willing."

In Chicago, Mrs. FRANK MULCAKSI, wife of a junk dealer, draws his wagon, he having had a special set of harness made for her when his horse died. Now, if MULCAKSI is kind to his horse all will be forgiven.

One thousand alligators ranging from the length of a lead pencil to monsters that could crush a man in their jaws have arrived from the Northwestern part of Louisiana and were landed loose in a new gator farm in East Los Angeles. The importation of fireworks this year is an indication that there will be a lot of noise turned loose after the November election when TAFT goes under the wire.

The House passed the Mondell Bill providing for homestead entries of 320 acres, instead of 160 on the non-mineral, non-irrigable, unreserved and non-appropriated public lands in several Western States.

The Dick Militia Bill as reported to the Senate provides that the militia shall consist of every able-bodied male citizen and every able-bodied male of foreign birth who has declared his intention to become a citizen, between the ages of 18 and 45 years.

In an address at Louisville J. D. BUCKLEW, a prominent labor leader of Des Moines, Iowa, declared that Moses was the first labor leader on record. The leading of the children of Israel out of the bondage of Egypt, he said, is one of the greatest feats in labor history.

That man in Pennsylvania who drew his savings of \$3,000 from the Bank, and nearly lost it when burglars broke into the house, has returned the money to the Bank in a greater patie than when he drew it out. He'll never need another lesson in regard to the comparative security as a place of deposit of a Bank and a private residence.

IN PROHIBITION GEORGIA.

Washington Post.

A man who came up recently from Atlanta was showing to some friends what looked like a big cigar wrapped in tinfoil.

He took it out of a breast pocket, and it looked the world like one of those expensive smokes.

"I got this down in Atlanta," he said.

"It must have been a good cigar to bring it up all this way," remarked one of the group.

"It isn't a cigar," said the traveler.

He peeled off the tinfoil and displayed a cigar-shaped bottle filled with whisky.

"You know Georgia's prohibition now," he said.

Where a woman wills, she will, and that's the end of it. Mrs. John Burns of the West End concluded that her cozy cottage home needed painting this spring and as there were strenuous times and money a little scarce, she made up her mind that she was capable of doing the job and thereby saving the amount necessary in doing the work for the family savings bank. She completed the work all by herself, and that it is a first-class job any fair-minded man will concede after taking a look at the pretty home in its dress of pea green and white trimmings.

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

BEDS DESTROYED

Night Riders Get in Their Work Within Five Miles of Maysville

Tuesday night, or at an early hour yesterday morning, "night riders" or others who acted like these marauders, went to the farm, "Maplewood," the home of Colonel Charles C. Degman at Springdale, this county, five miles East of Maysville, and dug up his tobacco beds.

Not only did they dig up the beds, but they dug a grave in one of the beds and neatly rounded it up a la gentle undertaker, as a gentle hint to Colonel Degman that if ever he attempted such a thing again as daring to make a tobacco bed on his own land that what they would do to him would be a plenty, and then some.

Colonel Degman is known to be a brave and fearless man, is one of the old guard of Union Soldiers, who has faced the hail of musketry and the cannon's roar without a tremor, and had he been on the ground the story might have been different: as it was, he happened to be in Louisville attending the annual meeting of the Kentucky State G. A. R.

Mr. Degman will now no doubt cut out this year's crop, as it is a case of have to.

The advent of the soldiers brought a corps of newspapermen to Ripley. Troop B boys, now that the weather is all right, are enjoying themselves to the limit, despite the night patrol work. The Fairgrounds makes an ideal camping place. The roundhouse is used for sleeping quarters and headquarters; the Red Cross Flag floating on the ladies' dressing room indicates the hospital, where Lieutenant Eekstorm was in charge, while two colored cooks utilized the Secretary's office for a cook house and saw that the boys did not go hungry. The ticket office was turned into a guard house and several troopers guard the grounds at all times.

The starting of the fire was attended by great secrecy. So far as is known, only one man saw the raiders. They sent two men on foot up to the barn to fire the building.

Parliament of Statesmen Gather in Washington—Preservation of the Forests

WASHINGTON, May 13th.—In opening the Conference of Governors of States and other delegates to the Conference called to consider the conservation of National resources, President Roosevelt said:

"The occasion for the meeting lies in the fact that the natural resources of our country are in danger of exhaustion if we permit the old wasteful methods of exploiting them longer to continue. Every step of the progress of mankind is marked by the discovery and use of natural resources previously unused.

The city of Mexico is to construct a race-track and grandstand to cost \$200,000.

Mrs. Downing was 23 years of age and was the daughter of Mr. O. B. P. Lurty of the county.

The funeral will occur at 10 o'clock tomorrow morning, sun time, at the family residence, with services by the Rev. Hall of the M. E. Church.

Interment in the Cemetery at Washington.

SITUATION NOT AS BAD AS REPORTED

In Bracken County, Declares the Adjutant General

FRANKFORT, Ky., May 13th.—Adjutant General P. P. Johnston today said that the situation in Bracken county does not look so dangerous as reported and as a result of important evidence secured by Col. E. W. Lillard and the troops under his command, now stationed in Bracken county, a number of arrests will probably be made.

When the swearing out of the warrants for the alleged night riders will begin is a matter of conjecture, but it would not be a surprise to see as many men arrested in Bracken county as were taken into custody in Calloway county. The information secured is that of the night riders whipping and threatening the independent growers.

NO BURNING OR SCRAPING.

No evidence has been secured against any of the night riders for barn-burning or scraping of tobacco beds. This fact leads the authorities here to believe that the trouble in Bracken county does not result from the tobacco troubles, but that it is an outgrowth of the lawless sentiment which has prevailed in several of the Burley counties and that the night riders have taken advantage of the situation to make their raids with impunity.

MAJORITY FOR TAFT

Secretary Had 296 Majority Over Roosevelt in California Primary and Will Secure the National Delegates

SAN FRANCISCO, May 13th.—Complete returns of the unofficial primary for President of the United States have been received from throughout the State by General George Stone, Chairman of the Republican State Committee. The vote polled is 10,500. Of this Taft has a majority over Roosevelt of 296 votes. The partial returns first received indicated that Roosevelt was the choice of the Republican electors of the State, and it was thought that the delegates to the National Convention would have to be so instructed. Now, of course, the instructions will be for Taft.

The report comes from Frankfort that Governor Willson may not on his own volition pardon Powers and Howard, but may allow the cases to be submitted to three absolutely disinterested and unbiased men who live outside of Kentucky, and let everybody agree to abide by their decision. It is not impossible that the Governor will, in effect, take this method of settling the matter, and may submit the most important features of the testimony of both sides to some disinterested people while he is on his trip East.

He has had the salient features of the testimony typewritten, and it is believed took it with him when he left last Saturday.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Maysville.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence? M. C. Chisholm, 317 East Second street, Maysville, Ky., says:

"The cure which Doan's Kidney Pills effected in my case several years ago has remained permanent, and the testimonial I gave in their favor at that time still holds good. As previously stated, I was bothered a great deal by the too frequent action of the kidneys, this being especially annoying at night, when I would be obliged to arise several times. Having no attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and I had only taken them a short time when I noticed a marked improvement in my condition, and continuing with their use was cured. I have since learned of several instances in which Doan's Kidney Pills have been used with like results, and this has only served to strengthen my already high opinion of them." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
